## INSPIRATION FOR BK TAP HAUS

Bauernhof Klaus (BK Tap Haus) translated from German to English means Farmhouse or Farmer's Heritage. The BK concept was born and development around the modern inspiration from German Tap rooms celebrating Minnesota Craft Beers supporting breweries and brewers alike.

BK Tap Haus has 24 craft beers on tap. The majority of our handles support our local community of breweries along with state wide brew houses that we rotate out seasonally. We have some national favorites to appeal to everyone's like.

BK Tap Haus offers a confident open kitchen dining experience focusing of German and Eastern European cuisines complimenting our Craft beer selections. We offer leveled up local favorites such as Chicken Wings (The best in town I might add) gourmet Burgers and Hand-helds featuring the BK Rueben a house favorite.

We are grateful for the growth over the last year and the changes we have made to accommodate the community we serve and love, we look forward to continuing and growing our relationship with the community as "The local hangout" plus sharing with you your special occasions as well.
